Fitch Ratings: Investor Seminar, Taipei 2010

惠譽信評：2010年投資人研討會

Financial institutions are facing new challenges after generally a rather strong recovery in international capital markets in the past year backed by aggressively stimulating support measures by the governments around the world.

在過去一年中，由於世界各國政府大力支持採取的支援措施，刺激了國際資本市場呈現較強勁的復甦，金融機構也因此面臨新的挑戰。

Join an insightful seminar with Fitch Ratings analysts where Jonathan Lee will present Fitch's top-down view on the post-crisis global economic dynamics and its implications on key Asian banking markets' risk and outlook. Following Jonathan's presentation, Cherry Huang's presentation will update investors and issuers on Fitch's recently updated criteria on rating banks and financial holding companies. Next, Joyce Huang will present Fitch's latest research on Chinese insurance market addressing the potential growth opportunities and the market limitation. Q&A session will follow the presentations.
